Choose a username for your child account and create a password.

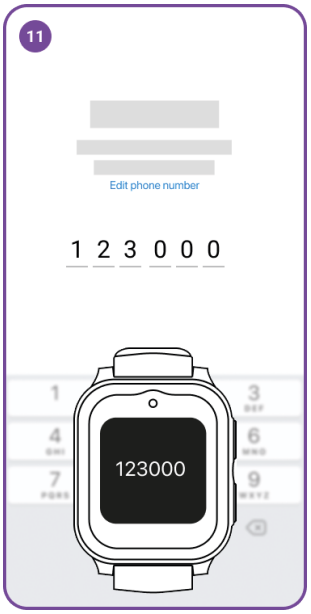
Great job! You have successfully created an account for your child.

Now, you can proceed to link a myFirst Fone to your child's account.

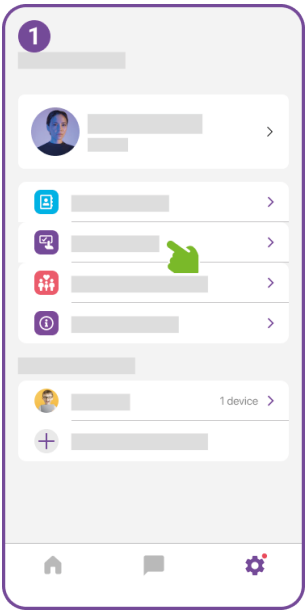
Scan the QR code on the smartwatch.



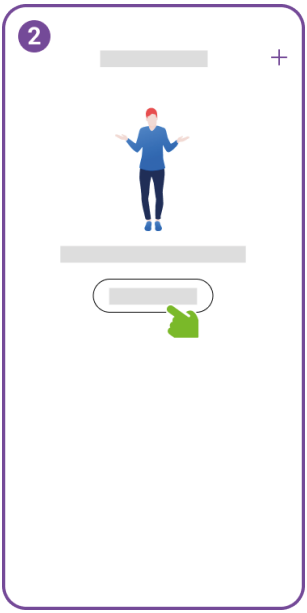
An OTP will be sent to the myFirst Fone. Please enter this OTP in the app.

Great! Your myFirst Fone should now be successfully linked.

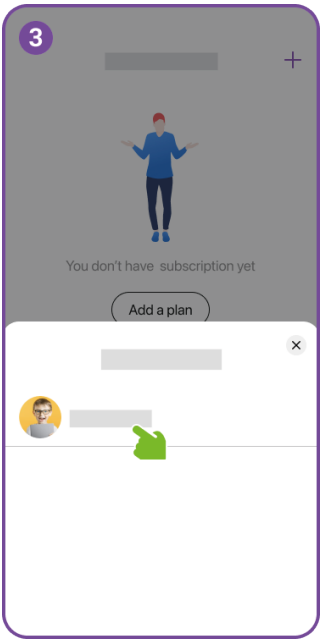
myFirst Fone S3+ comes with a built-in eSIM, and you will need to subscribe to our FreeSIM to access eSIM network services. After subscribing, you will enjoy one month of free usage.



Navigate to Settings and click on 'Subscriptions.



Click ‘Add a plan’



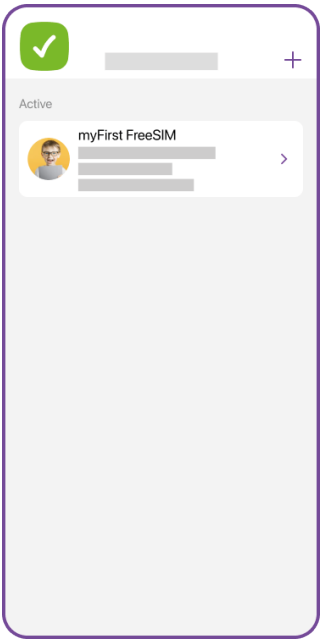
Select the child account which you want to add a subscription plan.

Only child account that has bound with an eSIM device is eligible to purchase the subscription plan. Any account with an active subscription plan will not appear here.

Select the country/region where the watch will be used. This step allows us to configure the network settings accurately.

If we do not support the currency of your country or region, it will be displayed in USD.

Confirm your subscription and make the payment.



Details of your child's watch subscription will appear under 'Subscriptions.' You can manage your subscription and view invoice history. If you cancel the subscription, the network service will be terminated at the end of the subscription period.

Now, it's time to embark on the Stay Connected journey with your child. Enjoy!
